

DIY EASTER PEEPS CUPCAKES

SUPPLIES NEEDED

2 dozen premade cupcakes	green food coloring
butter cream icing (purchased from my grocery store's bake shop)	orange circus peanuts cut into carrot shapes
disposable cake decorating bag	
Wilton decorating tip #233 & coupler	
Peeps marshmallow bunnies (with toothpicks inserted in bottom)	
jelly beans	

LET'S MAKE IT!

Tint icing green and lightly frost cupcakes with an offset spatula or butter knife. This icing helps the 'grass' icing stay in place.

Cut ~1" of narrow end of decorating bag off with scissors. Place coupler inside bag, add tip #233 to outside of bag and screw the coupler onto bag. Add green icing to bag & squeeze out grass in short bursts.

Place toothpicks into bottoms of marshmallow peeps & insert into top of cupcakes.

Add jelly beans and carrot.

Enjoy!
